Eilers Piano House

of Portland in Enterprise

Here with a Whole Carload of Pianos
Actually on View in the Samms Building

Nine different makes of instruments. In Mission styles, High French Finish, Mahoganies, Fancy Walnut and Fancy Oak Cases. Prices away down—in fact broken in two. We shipped by the carload and you know how much cheaper it is that way than by just getting one or two at a time. Then we do not pay freight on big, heavy packing boxes that cost nearly as much to bring in as the pianos themselves, but we shipped our pianos in harness—a whole carload of them—and that is the way we sell them thereby saving excessive freight and the middleman's profits to you. We are making a revolution in piano selling in this county. Never before has it been possible to have so large a choice, and at prices the equal of Eilers Piano House in Portland. In fact we have brought Portland to you, and this means that we will sell you

An absolutely new and up-to-date Piano in a mahogany case, which you could not buy from any other dealer, even if you could get as good a one, for less than \$450.00 our price and your own time to pay for it

\$250.00

Also pianos of the highest grade manufactured, such as the Lester and Pease, Whitney and Kimball, all of them cut to compare with the quotation just given. You cannot believe or understand how this can be done unless you come into our store and see for yourself. We mean upright, broad daylight, open and above-board business and want you to prove it. But you will have to hurry, as we cannot afford to continue this slaughter of prices longer than the next ten days. Come in at once.
